

CPC NEWS JULY 2019

Garden News

We are already making regular donations to the food bank and the homeless shelter, each Saturday and Wednesday. So far most of it, of course, is summer squash! We have also harvested cilantro, peas, lettuce, and radishes.

Now the big (unending) job is weeding.

We have installed a birdbath in the pollinator garden, and a native bee house as well.

We're usually working on Wednesday and Saturday mornings. Come on out and say hi!
